BLAINE BRUMELS

Director of K-12 Physical
Education and Athletics

Dear Parent/Guardian:

The Kentwood board of education has established a program of reproductive health in accordance with the State of Michigan Public Act 226 of 1977. The Board of Education, by recommendation of the Kentwood Reproductive Health Advisory Committee, comprised of parents, ministers, medical professionals, educators and other community members, has adopted a program for reproductive health education.

At the high school level, all students will be given the opportunity to learn more about the human reproductive system, AIDS and other topics related to reproductive health.

According to P.A. 226 of 1977 parents/guardians have the right to review the material to be utilized in this program. In compliance with the statute, the materials will be available for your review from the health instructor. Materials will be made available for your review for the reproductive health unit upon your request. The instructor may be contacted at 698-6700.

By law parents/guardians have the right to excuse their child from participation in the reproductive health unit without academic penalty. If your family decision is to excuse your child from participation, please call his/her teacher to make the instructor aware of your decision.

If you have questions or concerns, please contact your child's health teacher or the building administrator.

Sincerely,

Administration
East Kentwood High School
